Move/series ATEX

Bring mobile payment in petrol station environment

The Move/series EX range is designed to bring an innovative payment solution and improve the consumer's experience at gas stations.

All payment options

In addition to EMV Chip & PIN, Swipe & Sign, NFC couponing and wallet use cases, the Move/series EX range boosts NFC payment by offering to customers a seamless experience through a dedicated card-reader zone and faster transaction flows.

ATEX certified

Move/series EX brings secure and easy payment in Potentially Explosive Atmospheres such as the environment close to petrol numps

Designed for mobility

Designed for both indoor and outdoor uses, the pocket-sized Move/series EX range offers the perfect business companions.

Maximized network availability

Providing full spectrum wireless connectivity (4G, 3G, GPRS, Dual SIM, Bluetooth and WiFi), the Move/series EX range offers the widest touch point flexibility while optimizing communication costs.

Compatible with Ingenico's suite of services

Keeping the solutions connected, the Move/series EX works in unison with Ingenico's supporting service platforms, meaning merchants will have access to business services such as back office reporting and e-receipt management. Software updates and day-to-day support deliver a hassle-free experience.

The Move/series ATEX is supported by our Cloud Services
